Three men from the country yesterday morning brought to town a large lot of oak shingles, which they endeavored to sel! at the several board yards in the city, not finding a purchaser at the yards, To TREASURER OF HOLMES COUNTY: they finally disposed of them at the Hardware Store of C. C. Snyder & Co., at about half their surers, inquiring what kind of funds I shall require value. The uneasy manner and anxiety to get in payment of dues to the State. I take this out of town excited the suspicion of policeman method of imforming all the County Treasurers, Owens, who was about overhauling the gents when a messenger from the country arrived, and caused their arrest. They were locked up to await an examination .- Stark County Democrat.

The citizens of Chicago have revived the original scheme of the Illinois and Michigan canal, which comprises a ship canal of sufficient capacity to float the largest class of vessels that could navigate the Illinois river, but which was given up for the want of means, after a considerable portion of the work had been constructed upon that plan, and completed for ordinary canal boats only. The probable cost is estimated at from ten to twenty millions of dollars. The concentration of the commerce and interests of a vast region in Chicago seems to warrant this gigantic enterprise.

The American Eagle Dead.

We are not indulging in any figure of speech. We are merely alleging a fact which is perfectly true, that the American Eagle is dead. Its eyrie was among the mountains of Virginia. We do RAIL ROAD TIME TABLE. not know its precise age; but it was a venerable bird. Its nest was lofty and inaccessible, near the heights of the Blue Ridge. Each week its clarion notes might be heard calling upon freemen to assert their rights or perish in the attempt. But the American Eagle is no more. It was a Breckinridge organ, published at Gordonsville, Va., and its editor intimated in the last number, that as it could not possibly survive the dissolution of the Union, it had resolved to die first-and it did die-

THE AMALGARATION OF LANGUAGES - There is a

507 Hespacer is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended the natural state of the brain, and viswed in this light it may be looked on as asafeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz.—Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apopiexy, Gout, Rhoumstism and all feintte diseases. In its nervous form it is symphathetic of disease of the stomach constituting sek headache, of worms, constipation and other disorders of the bowels, as well as went and userine affections.—Diseases of the heart are very frequently attended with Headaches; Ansenia and plethora are also affections which frequently occasion headache.—Idiopathic Headache is also very common, being usually distinguished by the name of nercons headache, sometimes coming on suddenly in a state of apparently sound health and prestrating at once the mental and physical energies, and in other instances it comes on slowly, heraided by depression of apirits or acerbity of temper. In most instances the pain is in front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named Neural gia.

For the treatment of either class of Headache the

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its sabile power eradicating the diseases of which Headache is the unerring index.

Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarasparilla, so combined with other substances of still greater alterative power as to afford an effective entidote for the diseases Sarasparitia is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will necomplish their cure must prove of immense service to the level of a configuration of the cure must prove of immense service to the level of a configuration. service to this large class of our afflicted fellow-nitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following

Complaints: - Schorulata Complaints. EXPRIONS AND EXPRISE DISEASE, Unches, Pinelia, Blorones, Tenone, Salt Randa, Scald Head, Structus and Structure Ar-PROTOSS, MERCURIAL DISEASE, DROPSY, NEC-HALGIA OR THE DOCLOURICY, DESILETT, DYS-PEPSIA AND INDUCTION, ENTERPELAS, ROSE OR ST. ANTHONY'S PIRE, and indeed the whole class of complaints arising from Inventor or

This compound will be found a great promotor of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes cam, by the aid of this remedy, spare themselves from the endurance of foul cruptions and discrous sores, through which the system will strive to rid itself of corrections if not existed to rid itself of corruptions, if not assisted to do by an alterative medicine. Cleanse out the vitiated blood whenever you find its fitpurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder you when. Even where no particular ansoraer is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no asting health. Seoner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsupirilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsoparilla, but often no curative properties whatevriii, but oren no curative properties whatev-er. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intento supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the discuses it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on

DR. J. C. AYER & CO. LOWELL, MASS.
Price, \$1 per Bottle; Six Bottles for \$5.

Ayer's Cherry Pectoral has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been emplayed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Aver's Cathartic Pills, FOR THE CURE OF

42 CONSULTATION FREE. 43

THE MODE OF EXAMINATION Pursued by Dr. Wadsworth is very simple and entirely new, by it disease of any of the internal vital organs is in a very few minutes detected with facility and certainty without asking the patient a question or having the least previous knowledge of the case. duestion or having the least previous anowiedge of the case.

Dr W gives his undivided attention to all forms of chronic disease, treating thousands of different cases every year, a large majority of whom have tried most other methods of ours in vain. Dr. W wishes it distinctly understood that he makes no speciality of any one disease, but professes to understand the whole human system, and is constantly demonstrating his knowledge by describing to those who consult him the location, nature and curability of their diseases, without any questions.

Those Suffering from Chronic Diseases,
Of any description, may be assured that their cases will be treated fairly and candidly, and they will not be encouraged to take medicine without a care exponding prospect of benefit. Dr. W. has visited Cleveland and other place in Onio and New York, regularly, for the last four years, and can farnish patients with any amount of evidence in regard to his skill and qualifications as a physician.

Those wishing to consult by letter, may direct to Earvia. N. Y. or to the care of the blood at any of my appointments.

Frenceicesbrie, Wayne Co., O., Jan., 1169.
Dr. II. W. Wadsworth, Dear Sir.— For two pourspact I have suffered from several serious difficulties such as unlargement and dropsy of the heart, Indigestion causing flatulence, burning and acadity bloating of the stomach, bewels costive, unequal, and bad circulation of the blood. The least exercise caused pulpitation of the heart, rush of blood to the head and the face would be covered within d and fiery blotches. My kidneys were discassed, from which I suffered much. I also had a severe cough accompanied with wheering and rathing in the lungs and sensations of oppression about the heart and lungs, as though water had collected there. I might enumerate many other symptoms from which lungs and sensations of oppression about the heart and lungs, as though water had collected there. I night enumerate many other symptoms from which I suffered, but the above will give a general idea of my case. I had taken much medicine and tred several doctors without much benefit and was told that my case was incurable disease of the heart. I have now taken your remidies about 6 months, with a gradeal and decided improvement from the first and now feel quite well and more like living again. Doctor you have my best wishes and my recommend to others. Yours Respectfully.

Nov. 8, 1866.—n.281f JOHN BROWNFIELD.
